This is a United States Figure Skating Association (USFSA) membership. This allows for the skater to have lessons on private ice with a coach and gives them ability to test different levels for USFSA. This cost does not include the cost of coaching fees, club ice time, or show costumes. A skater can only be a Full Club member at one figure skating club. Skaters would be eligible for the annual show, and skaters in Free Skate 1 or higher will be expected to volunteer for a Learn to Skate class.

### **Full Club Membership and Learn to Skate Membership - \$110**

# LEARN TO SKATE PROGRAM

The Merrill Ice Reflections Figure Skating Club (MIRFSC) was founded in 1995. MIRFSC uses the guidelines of the United States Figure Skating Association. Our season runs from late October through March. More information can be found at [www.learntoskateusa.com](http://www.learntoskateusa.com) and on our website [www.merrillskate.org](http://www.merrillskate.org). The first stage of skills forms a strong foundation for your skater to explore the world of skating. All skaters will progress at their own pace working toward mastering each skill. Our program encourages skaters to trade in hesitation for excitement as they grow a love for skating. The FUNdamentals harness those skills as agility, balance, coordination and speed become the main focus of this curriculum. *See pages 16-17 for the skills at each level.*

## 1. SNOWPLOW SAM

Skaters 4 years old begin in our Snowplow Sam class. Classes are 30 minutes and will be at either 5:30 p.m. or 6:30 p.m. on Wednesday nights. Cost of this program is \$90 for the season, \$25 membership fee and \$60 costume. Young skaters in Snowplow Sam are encouraged to wear a bicycle helmet, 2 pairs of mittens, and snow pants as they are learning to fall and get back up.

## 2. BASIC SKILLS LEVELS 1-6

New skaters that join our program that are 5 years old by October 1 begin at Level (Skaters that were in Snowplow Sam the previous season and are 5 years old automatically join Level 1 the next season.) Skaters may register for our 5:30 p.m. or 6:30 p.m. classes on Wednesday nights for 45 minutes. Cost of this program is \$180 for the season, \$25 membership fee and \$60 for the costume.

## 3. PRE-FREE SKATE

Cost of this program is \$180 for the season, \$25 membership fee and \$60 for the costume. This class meets on Wednesdays at either 5:30 p.m. or 6:30 p.m. for 45 minutes.

## 4. FREE SKATE 1

Cost of this program is \$180 for the season, and \$60 for the costume. This class meets on Wednesdays at either 5:30 p.m. or 6:30 p.m. for 45 minutes. Skaters must volunteer for a minimum of 30 minutes during the opposite time they skate. (Ex. Snowplow Sam). Skaters must purchase their own Learn to Skate Instructor Membership and complete the Instructor Course through LTS.

## 5. ADVANCED SKATE CLASS (Free Skate 2 and higher)

Optional class for Advanced Skaters. Cost of this program is \$180 for the season and \$60 for the costume. This class meets on Sundays from 7:10-8:00 p.m. This is a semi-private skating lesson. Skaters must volunteer for a minimum of 1 hour on Wednesday nights. (Ex. Learn to Skate Class). Skaters must purchase their own Learn to Skate Instructor Membership and complete the Instructor Course through LTS.

## 6. CROSSOVERS

This program is open to skaters in Levels 4 thru Free Skate 1. Classes meet on Sundays from 5:00-6:00 p.m. at the MARC. This is a semi-private skating lesson. The cost of Crossovers is \$320 for the season which also includes the show costume. Crossover skaters will also be in the Opening Number of the show. (Costume for Opening Number is the club show t-shirt)

## **PRIVATE ICE**

Full and associate club members who wish to skate in the annual show must purchase a minimum of 15 1-hour private ice sessions per season. Those 15 hours can be flexible as to which night and hour you skate during that night. You must purchase the ice or make changes to which session on Entryeeze at least 24 hours ahead of time. You may purchase additional hourly sessions at a rate of \$15 per session. Option to purchase 15, 20, or 30 sessions as well.

Private ice sessions are on Wednesday nights from 7:30-8:30 p.m. and 8:30-9:30 p.m. and Sunday nights from 6:00-7:00 p.m. and 8:00-9:00 p.m.

Private ice will have a maximum of 18 skaters per session. Skaters may walk on if there is room for \$15 per session, paid to the rink monitor.

## **RINK MONITORING (Full Members, Associate Members plus Crossover Members)**

Full and Associate members, as well Crossover parents are required to rink monitor. The number of hours required to rink monitor will be divided amongst the number of skaters enrolled for that season. We will use the Volunteer Requests in Entryeeze website to sign parents up for rink monitoring. Once we inform you what you need to sign up for, you will go into Entryeeze and select your dates and times. Parents with multiple skaters will have to do multiple nights; all nights must have a rink monitor. If you do not fulfill your rink monitor duties for the season, your skater will be considered a member not in good standing. You would need to pay \$20 per hour that you did not volunteer to become a member in good standing again.

## **PRIVATE COACHING**

Skaters may hire a private coach (Professional Coach or Junior Coach) who is approved by the Board. Skaters will pay their coach separately from the club. Please keep in mind, rates may vary from \$20-\$60 per hour for private lessons, based on the professional coach's credentials. Coach rates per hour and session are listed on the club website. If you are taking private lessons on our private ice you must be a Full or Associate Member.

Currently our club has two approved Professional Coaches, which are Montana Grabowsky and Brooklyn Kraegenbrink. Professional Coaches from outside of MIRFSC may coach on our ice, but need to be pre-approved by the Board. Our current junior coaches are Madison Altman-Wendt, Leah Freyer, and Korina Kraegenbrink.

## SKATES/SHARPENING

- **FIT:** Skates are not like shoes where there can be “room to grow into,” they should “fit like a glove” in order to not allow a lot of movement within the skate.
- **STIFFNESS OF THE BOOT:** The boot should be supportive. If you can grip the boot at the top and bend it either direction easily, the skate will not be supportive to the skater. Skates must be able to hold up the elements your skater will be doing.
- **BLADES:** Blades will primarily come attached to the boot for beginning skates. No double blades for beginners please. The most common issue with blades is not sharpening them enough or not taking care of them properly. Blades should be sharpened approximately every six weeks to eight weeks (every 25-30 hours of use) depending on how often you skate. MIRFSC recommends having your skates sharpened by a reputable professional who specializes in figure skates once your skater is doing spins and jumps. Ask advanced skaters and parents for recommendations. Hard guards are needed on cement floor not soft soakers.
- **CARE:** The blades need to be thoroughly dried after every use and then have soakers or other towels covering the blades. If you put guards back on them, the moisture left in the guards will cause rust to occur on the blades. This rust will make skating very difficult and have to be sharpened off.

## HOW TO DRESS FOR LESSONS

Skating Clothing Rule of Thumb: Form-fitting clothes that stretch are better than tight, restrictive or oversized clothes that restrict movement. An instructor/coach needs to see a skater's body alignment to give proper advice and feedback about technique, so form-fitting clothing that allows for movement is better. A skater's hair should be tied back in a pony and not in their eyes. (Never wear bobby pins on the ice for safety, loose pins are a major trip hazard.) We recommend Snowplow Sam skaters wear a bicycle helmet, snow pants and mittens.

## SHOW INFORMATION

During our annual show in February, skaters will be in the warming rooms for the duration of the show located behind the rink. Skaters who wish to watch the show with their families must purchase a ticket and have their hand marked. Skaters will not be allowed to leave the warming rooms backstage unless a parent comes to get them.

Skaters are not allowed to have glitter hair spray or any glitter products in the warming rooms for the show. If you choose to have glitter in your skater's hair it must be applied at home before coming to the MARC. Absolutely no bobby pins will be allowed in hair due to the safety of all skaters on the ice. Lost bobby pins are a major trip hazard on the ice. Designated changing areas in the warming room are the pop up changing rooms provided or the restroom within each warming room.

Static guard should be applied outside of the warming rooms or at home if it is needed on a costume. Please use aerosols/hairspray sparingly in the warming rooms. Hair should be done at home unless you are in multiple performances and need to do costume/hair change. Too much spraying of hair spray in a warming room backstage will not be allowed due to the lack of ventilation in the small area.

Please send a blanket and activities (coloring books, board games, small toys) for your child while they are waiting in the warming rooms. NO phones, food or candy are allowed in the warming rooms. Only water is allowed in the warming rooms. Skate guards must be worn at all times in the warming rooms.

Flowers, candy leis, apparel and concessions will be sold in the multi-purpose room.

Colored programs will be sold before the shows in the lobby.

## **SHOW COMMITTEE**

Beginning in June, the committee meets to decide on the theme, songs, costumes and decorations for the show. Meetings are held monthly throughout the skating season. Contact the Board President if you are interested in joining this committee.

## **VOLUNTEER OPPORTUNITIES**

Our club is run by 100% volunteers. All board members and show committee members are volunteers. Our skating club and show would not be possible without the great support from our volunteers. Below is a list of opportunities where volunteers are needed to have our show be successful.

### **WARMING ROOM/BACKSTAGE MOMS**

Two female chaperones are needed in our female skater warming rooms at each show. Chaperones must stay in the warming rooms with the skaters the entire time and help prepare skaters for their skating performance. Warming room chaperones receive two free show tickets. Sign up to help at Fall Registration. Per USFS regulations, each parent will need to complete Skate Safe Training and pass a background check. The club will reimburse you for the background check fee.

Warming Rooms backstage include: Snowplow-Lv 1, Lv 2-3, Lv 4-6, Pre-Free Skate to Free Skate 1 and Advanced Skaters. Boys in level 2 and up may watch the show with their families for free as we do not have a warming room available for them.

### **PARKING CARS**

Parent volunteers are needed to help park cars beginning 1 hour prior to each show up until the start of the show. Parents who volunteer for this will be given a free show ticket. Sign up to help at Fall Registration.

## **DECORATIONS**

The Show Committee will purchase the decorations for the show. Parents may volunteer to help with the creation during skating lessons at the MARC. Duties include painting and constructing. Senior or junior line skaters who would like any props or prop reimbursement must submit a written request to the Board for approval.

Decorating will take place on the Saturday of the show at 10:00 am at the MARC. Advanced Skaters and their parents are required to help with decorating and putting up the felt, arch and lights. They are also required to help with the taking down on Sunday after the last show.

## **SELLING PROGRAMS**

Two volunteers are needed at each show to sell our programs in the lobby.

## **TICKET TAKERS**

Two volunteers are needed at each show to take tickets and mark hands at the door.

## **LIGHTS**

Two volunteers are needed at each show to run the lights up on the scaffolding.

## **COSTUMES**

All skaters must be measured at Fall Registration. All girl costumes cost \$60. Boy costumes vary and depend on the costume chosen by the show committee and ranges in price from \$20-\$50.

## **PICTURES**

Individual and group pictures will be taken by a professional photographer at the MARC in Merrill on Sunday, December 14. Dates are subject to change due to the weather. Group photos will be used in the Show Program. Families not wanting to buy pictures are still asked to attend so their skater is included in the group photos. The schedule of pictures will be distributed with the costumes.

## **SHOW PRACTICE SCHEDULE**

For 3 weeks prior to the MIRFSC Show, the club will run an alternate schedule. Practice times for routines will be 30 minutes and a schedule will be posted on the club bulletin board, emailed, on-line and distributed to parents when costumes arrive.

## **DRESS REHEARSAL- ON FRIDAY NIGHT BEFORE THE SHOW**

Begins at 5:30 p.m. and ends at approximately 8:30 p.m. This is a closed dress rehearsal that is not open to parents or guests. Skaters should wear their costume and tights. Doing their hair is not required. We ask that Snowplow and Level 1 parents remain at the rehearsal in the multi-purpose room. The rehearsal order in the beginning will allow our youngest skaters to be done early. Both Snowplow classes will practice their routine, then both Level 1 classes, followed immediately by the Closing Number which includes every skater. Jackets & mittens may be worn for the Closing Number during the rehearsal. Snowplow and Level 1 skaters will then be dismissed. Then we will continue practicing in order of the show. Please have your skater bring a blanket as skaters will be seated on the bleachers. No bobby pins allowed in hair at any time on the ice.

## 50-50 Raffle FUNDRAISER

During each skating show, raffle tickets will be sold and a ticket drawing will be done. Raffle ticket winner will be announced and win 50% of the profits.

## COMPETITIONS

**Badger State Games:** Held annually in January at Marathon Park & Greenheck for all skill levels.

**Timberline Basic Skills Competition:** Held in March. Watch for information on the bulletin board, email and our website.

**Hodag Skate Classic:** Held annually in April. Watch for information on the bulletin board, email and our website.

There are many other competitions throughout the state each year that skaters may get involved in.

## TESTING

To test, you must be a full USFSA member. Each skater who chooses to test must have a private coach. Skaters may test their skills in a variety of different areas such as Skating Skills, Singles and Dance.

## SKATING SKILLS

Many skaters begin their testing with the Skating Skills (Moves in the Field) track. This is because Skating Skills is considered a “prerequisite” or baseline test series. This means that in order to take a discipline specific test, like free skating, the skater must first pass the equivalent Skating Skills/Moves in the Field test. Each level consists of four-six set patterns that must be performed by the skater. Skaters are required to learn strong edges, a variety of turns, and controlled body positions, with good posture and power. The Skating Skills test levels are: Pre-Preliminary, Preliminary, Pre-Bronze, Bronze, Pre-Silver, Silver, Pre-Gold and Gold.

## SINGLES

Singles (Free Skate) tests are the next most common type of test to take, although it is perfectly acceptable to move directly to dance, or simply focus on Skating Skills. The levels in Singles tests mirror the Skating Skills, and a skater may not attempt a free skate test until they have passed at least the corresponding Moves in the Field test. (A skater may test as high as they want to in Moves in the Field without taking any other tests though). Beginning with the Pre-Preliminary test, each level consists of required jumps, spins and steps. (Steps are either specific ‘step sequences’, spiral step sequences or moves that connect elements to one another). Instead of the skater simply demonstrating the elements, they must perform all of the elements in a program choreographed to music at a prescribed length for preliminary and higher. The Singles test levels are: Pre-Preliminary, Preliminary, Pre-Bronze, Bronze, Pre-Silver, Silver, Pre-Gold and Gold.

If a skater wants to compete in a free skate or short program event in a competition, the highest free skate test that they have passed determines the level that they are required to enter. Once that skater has passed a test, they may never again enter a competition at a lower level. (Some competitions do, however, allow a skater to “skate up” one level.)

## **DANCE**

Ice Dancing is a discipline where the skater learns ballroom style dancing on the ice to a specific rhythm of music. Dancing is usually tested as a pair, but is not just limited to that. They also can take a solo track. Pattern dances consist of required steps to music, skated in a particular tempo that covers the ice surface. There are either 3 or 4 dances per level. Like moves in the field and free skate, the patterns become more challenging and intricate as the level increases. In compulsory dances, skaters are given a very specific pattern to follow.

Dancers are judged on their ability to skate the required pattern while demonstrating correct posture, strong edges, musical timing, and character of the specific dance. The test structure for ice dancing includes the following levels: Preliminary, Pre-Bronze, Bronze, Pre-Silver, Silver, Pre-Gold, Gold, and International.

## **FAMILY SKATE/ANNUAL MEETING AND BANQUET**

Will be having our annual meeting and family skate on Sunday, March 8 from 5:00-8:00 p.m. at the MARC.

## **HIGH SCHOOL LETTERING**

Our club would like to recognize high school skaters with a Merrill Ice Reflections “Letter.” This embroidered letter is for high school skaters who have achieved level Free Skate 1 or higher. Skaters receiving this recognition will be awarded their Letter “M” at the Annual Meeting. It is required that skaters be a member of the club for a minimum of four years to earn the letter.

# BASIC SKILLS - FUNdamentals

Basic Skills teaches the FUNdamentals of ice skating and provides the best foundation for figure skating, hockey and speed skating. Six progressive levels introduce forward and backward skating, stops, edges, crossovers and turns. Upon completion of the Basic Skills 1-6 levels, skaters will be able to confidently advance to more specialized areas of skating. All classes will be well-structured with the focus on proper skill development taught in a positive, FUN and social environment. Skaters will progress at their own rate and advance after skill mastery is demonstrated.

Discover, Learn and Play – Basic 1 and 2: These introductory levels allow new skaters with no prior skating experience to build confidence while learning to skate.

FUNDamentals – Basic 3-6: These levels develop all of the fundamental skating skills on the ice. Focus is on learning the ABCs of basic athleticism: agility, balance, coordination and speed. Upon completion of these levels, skaters will be able to confidently advance to more specialized areas of skating.

Off-ice orientation:

- Equipment check: proper fit and lacing of skates, appropriate attire, safety helmets
- Practice falling and recovery, marching in place, dips and one-foot balances in skates
